Fantastic Four or The Fantastic Four is a superhero team appearing in various forms of media, generally under the control of Marvel Comics. The Marvel Comic character is sometimes referred to as the Fantastic Four, and is sometimes known simply as the Fantastic Four when a more generic term is needed. The name of the character's team is the Fantastic Four. The name Fantastic Four comes from the first four members of the team. Johnny Storm is the leader, and Reed Richards is the group's creator. The group's first appearance was in The Fantastic Four #1 (1961), created by Stan Lee and Jack Kirby. In the comics, the group's headquarters is an unnamed, unnamed, unnamed stretch of riverbank. Most stories feature the group's (mis)adventures in the modern world. The characters' foes include supervillains such as Kang the Conqueror, Thanos, Galactus, and Doctor Doom, as well as beings called the Inhumans, the Silver Surfer, and the Thing. In other media, Reed, Johnny, and Sue foster a mutant child, Franklin, to give him a home and a life, unaware that, as she expresses her

concern, Franklin becomes the Invisible Woman. In the film Fantastic Four, they receive Franklin as payment for a dangerous mission to the Negative Zone, which leads to a truce between Earth's two most powerful heroes, Reed and Ben Grimm. The team is originally composed of Reed, Sue, Johnny, and Ben, although Ben and Reed no longer play a major role after the death of Professor Charles Xavier. The team later acquires Franklin, who becomes The Invisible Woman, in order to establish a secret base on the Moon. Reed agrees to be leader because of the threat of the Inhumans.
