CopyLink Crack +

Copy a image (if you hold Shift key while right clicking an image). Copy a link (if you hold Ctrl key while right clicking an image). Options: Copy the selected image (if you hold Shift key while right clicking an image). Copy the selected link (if you hold Ctrl key while right clicking an image). Copy link to clipboard (copying the link location to the clipboard if you hold Ctrl key while right clicking an image). Disable Options > StatusBar >Disable Scrolling Text (so you will be able to see the copied link in the Status bar). Note: If you want to change the image or link location to be copied, then you will have to use CTRL+ALT+SHIFT (CopyLink button) or CTRL+SHIFT+CMD (CopyLink button) to copy the image/link location to the clipboard. NOTE: This plugin does not have an option to exclude images or links from being copied to the clipboard. This might not be useful, but if someone has a suggestion for that, please let me know. This is a free software. You can redistribute it and/or modify it under the terms of the GNU GPL. Code: GPL v2 Version: 1.4.1 Diff: CopyLink: Gave all the icons a "dirty" version, to make it look "cleaner" for other software. Also, added two new icons.
