Autosys design and provide robust solution for Automation, Manufacturing Control and SCADA Systems. How To Find Macaques At Amangiri Natural Reserve Amangiri Natural Reserve in eastern Ethiopia boasts large numbers of macaques, the only primate found in Ethiopian highlands. They are cute and playful. Photo: Adbulas Alemu With rich beauty, several species of primate live in Ethiopia's Amangiri Natural Reserve. It is one of the most popular tourist destination and is one of the last places in the country where tourists can observe a rich diversity of wildlife species, including *Macaca sylvanus*. Located in the montane forests of eastern Ethiopia, Amangiri Natural Reserve is very near to the border of Sudan and the reserve's rich variety of flora and fauna have resulted in it becoming a UNESCO World Heritage Site. A sign of the rich biodiversity is the fact that more than 19 different species of primates, there are over 80 species of birds, and also more than 100 species of mammals. It is accessible through Matara. The optimal time to visit Amangiri Natural Reserve is between May and August when the weather is dry but not too hot. During the rainy season, the accessibility is very poor due to heavy downpour. How to get to Amangiri Natural Reserve The easiest route to Amangiri Natural Reserve starts from Addis Ababa which is about six hours drive to Matara from Addis Ababa. You can also take a local bus from Addis Ababa to Matara through Bole. The distance from Matara to Amangiri Natural Reserve is about 275km, which is about 6 hours driving. Types of Macaques in Amangiri Natural Reserve There are about eight main species of macaques in Amangiri Natural Reserve, including the species Amur Macaque (*Macaca nemestrina*). Of which, the taxon macaque (*Macaca mulatta*) is the smallest and has a greyish face, similar to rhesus monkey. The macaques of Amangiri Natural Reserve are not easy to see but they are entertaining. They are not dangerous to tourists, and it's very difficult to keep your distance from them, they are playful and you can even feed them with some fruits or make them to dance. They are commonly called 'Fat Titi', a nickname given to them by the locals because of their fat e79caf774b
